

# SW-FM20HDWi

## IP-based Digital Clock Design DVR

### Infrared illumination for night vision

#### Features

- \* IP-based digital clock covert DVR, allows you to control the camera, stream live view any where in the world
- \* 1/2.9" CMOS camera
- \* 1080p / 720p / 480p @ 30fps
- \* Infrared illumination for night vision
- \* Great low light sensitivity of 0.03 Lux @ F2.0
- \* Functional digital clock
- \* Continuous and Motion Detection mode
- \* Supports up to 32GB Micro SD Card
- \* Exclusive app for the operation on phone

#### Specification

|                  |  |
|------------------|--|
| Item Number      | SW-FM20HDWi                            |
| Sensor           | 1/2.9 inch CMOS                        |
| Video Resolution | 1920x1080/ 1280x720 / 848x480          |
| Resolution       | 1080p / 720p / 480p                    |
| MIN Illumination | 0.1 Lux at F2.0                        |
| Focal Length     | 4.3mm                                  |
| Angle of View    | 78.2°                                  |
| Overwrite        | Yes                                    |
| Storage Capacity | SD card supports up to 32GB            |
| Time Stamp       | YYYYMMDD_HHMMSS                        |
| Code Compression | H.264                                  |
| File Format      | MOV / JPG                              |
| Frame Rate       | Up to 30fps                            |
| Recording Mode   | Motion Detection / Continuous/ IR Mode |
| Indications      | LED (Green/Red/Blue/Orange/Yellow)     |
| PC Interface     | USB 2.0                                |
| Recording Time   | 500 min @ 1080p (16G SD Card)          |
| Power Input      | DC5V                                   |

#### Standard Accessories

IR Controller

USB Cable

DC 5V Charger

AV Cable to TV Monitor

European Adapter Head

AAA Battery\*2

Memory Card
